

Veterans Memorial Brick Program

The Elks Veterans Memorial Park along with the Mineral County Veterans Service Office (VSO) and the City of Creede are proud to announce the inception of the Veterans Memorial Brick Program. This is to honor those loved ones who have served in the United States Armed forces. A 4x8 red brick which will be engraved with three lines of text and the Armed Services logo for which they served on the left-hand side, will be placed by the City of Creede in the horseshoe area of the memorial park which will be undergoing renovation this spring. Blank bricks will be placed in the sidewalk until a brick is purchased and will replace the blank.

BRICK DETAILS: The bricks are 4"x 8"x 2 1/4" and are engraved using state of the art laser technology. This process uses Vitrification which creates a black, shiny hardened glass engraving. No fading, no oxidation, no chipping, or loss of legibility. Every brick engraving is guaranteed for life! The brick will be purchased by the family member and is created by Brick Markers /USA. The cost of bricks will be \$50.00 plus surcharge for transportation of bricks.

QUALIFICATION DETAILS: Before ordering, proof of residence or land/business ownership is required. A DD214 showing an Honorable Discharge of the service member being remembered will be given to the VSO for verification. (No Exceptions) Space is limited so this is necessary to provide a place for the loved one.
